

IOM MISSION – POLAND

CALL FOR EXPRESSION OF INTEREST

1 **Timeline**

Call for Expression of interest ID #	IOM2022-PL10-003-IP
Posted (date)	Thursday, 22 September 2022
Clarification Request Deadline	Friday, 23 September 2022
Application Deadline	Wednesday, 28 September 2022
Notification of Results	30 September 2022
Implementation Start Date	10 October 2022
Implementation End Date	31 December 2022

2 **Locations**

One location in Poland: Krakow.

3 **Sector(s) and area(s) of specialization**

With a focus on third country nationals, Implementing Partners are required to have relevant experience in the below sector:

Adult Education services with a focus on teaching Polish as a foreign language and English;

4 **Issuing Agency**

Established in 1951, the International Organization for Migration (IOM) is part of the United Nations System and the leading intergovernmental organization to promote orderly migration that respects human rights and benefits all parties. IOM has been operating in Poland since 1992.

5 **Project Background**

The services provided will be funded by two IOM Projects, namely:

- a. 2022 French Contribution to IOM's Activities for the Ukraine Crisis
Aiming at increasing the resilience, dignity and inclusiveness of Ukrainians and TCNs in Poland, IOM Poland will support access to employment and social inclusion of Ukrainian refugees and TCNs, in particular by easing their access to the labour market and to formal education. Activities have been designed through feedback and recommendations received by national authorities including the Ministry of Family and Social Policy, labour offices, social policy and education departments in multiple municipalities.
- b. PRM Multicountry Response – Ukraine Crisis
IOM will urgently address the most pressing needs of conflict-affected persons who fled Ukraine to Poland, and their host communities. Interventions will take place in population centers receiving large number of people arriving from Ukraine, along the Poland-Ukraine border especially at major border crossing points (BCPs), where basic assistance is provided to people crossing into Poland. Moreover, the Project will include capacity building activities to promote affected populations' protection and safe access to basic needs and services, eventually enabling them to claim and exercise their rights in Poland (in terms of education, healthcare, psychosocial support, legal support, accommodation, etc.). The activity will include information and multicultural assistance (including referrals, information on navigating practical matters in Poland -such as school enrolments, accommodation search, job seeking

efforts etc.) for Ukrainians/TCNs in Poland in the reception and long stay centers as well as through other information channels (e.g. online information sessions/webinars). Targeted support will be also provided to representatives of various institutions at local, regional and national level with intersectoral consultation and coordination meetings.

6 ***Expected Results***

IOM, in collaboration with experienced partners, will take action to set up Integration Centers for the provision of:

A. Polish and English Language Courses

Voluntary Polish and English language courses will be offered to **adult beneficiaries of temporary protection in Krakow**.

The courses will have a duration of two months per cycle each, and new courses will be initiated every month. Each beneficiary will attend the language course of his/her selection (e.g., Polish or English) for 3 hours per day or 15 hours a week for two months, for a total of 120 hours.

The course should be provided for minimum:

120 student – in-person classes,

120 student – on-line classes.

To be noted that classes will be offered both in the premises of the Center and through online teleconference platforms in the form of a virtual class.

Following a placement test, the beneficiaries will be introduced in the relevant class of their level, as applicable according to the Common European Framework of Reference for Languages (CEFR) and will have the opportunity to improve their language skills by one CEFR level in either Polish or English. Each class will consist of minimum 15 to maximum 20 students. Upon graduation from the courses, the competent Educators of the Project will assess the level of knowledge achieved in the duration of the courses and, if applicable, will refer beneficiaries to sit the examination for language certification as provided by the entrusted national authority. In this case, certification fees will be covered by the project.

To facilitate employment or job search, the courses will be offered in three shifts during the day, indicatively as following: morning shift: 09.00-12.00, afternoon shift: 13.00-16.00, evening shift: 18.00-21.00

Moreover, taking into consideration that many beneficiaries are heads of single-parent households and related childcare needs, project staff with related expertise will offer recreational activities for children in an adequately designed and equipped Child Friendly Space (CFS) in the facilities, while the parent is attending class or is visiting the Center to receive other services.

B. Employability Support Services

Employability Support Services **will be provided directly by IOM**.

C. Project Promotion and Community Sensitization Activities

The Implementing Partner will undertake the task of promoting the Project locally, establishing referral pathways with other service providers and ensuring the awareness and support of the local Municipality in relation to project activities. In addition, the Implementing Partner will organize and deliver at least two (2) events aiming at enhancing the communication between the hosted and the host community and facilitate social inclusion.

Bidders are invited to propose additional services outside the scope of A and C above, as considered applicable in every location of implementation.
